Editorial

The month of December was like a roller coaster ride. On one side the Country registered a record of administering 100 crore doses of vaccine against Covid 19 and on the other hand a new variant of sarsCov2 by the name of "Omicron" is all set to trigger and engulf our country in the 3rd wave of Covid 19 Pandemic. At Parul University, Faculty of Homoeopathy is all set to combat this wave by taking pledge and following the covid appropriate behaviour. The good thing is that all the students and staff members are fully vaccinated and are ready for 3rd booster dose in case it is found to be necessary. In the past two years we have acclimatised our self with the new normal and the results are heart warming after vaccination drive has successfully culminated the morbidity

and mortality ratios to a greater extent. As they say " the show must go on " faculty of Homoeopathy is committed to continue imparting Knowledge and life skills for the progress and development of the students. The different activities carried out in the month are a proof of the commitment towards nurturing the future of our budding Homoeopaths our students

Choose more Choose Right.....

EFFECTIVE HOMOEOPATHY

Witnessed outstanding miracle of Homoeopathy by our Dr Nidhi Dave @ Sainath Hosp, AHMC, Parul University.

She admitted a patient who had H/o piercing of thorn in the left upper arm, near shoulder before more than one year. Presently he was having inflammation at a spot near the elbow. Dr Nidhi applied our medicine in powder form on the entire upper arm & gave internal medicine too.

Within 2 hours, the tip of the thorn was seen & she efficiently pulled it out..

24th Dec 21
