REVIEW

After the period of lockdown, now the campus is full of liveliness. Students are back to the campus and DHOOM (sports and cultural event of Parul university, conducted every year in the month of February) is around the corner.

They say, that “one can turn every disguise into opportunity”, parulites knows this well. Students and faculty, all are coping up with the new normal and participating in Dhoom with full enthusiasm.

Pre-Dhoom is going on and lot's of sport activities had been scheduled in the month of February like, football, volleyball, cricket, woodball, chess, hockey, archery, table tennis, badminton etc. Not just sports but the auditions of cultural events like drama, singing, dance, fashion show are in the line.

Faculty of homoeopathy do acknowledge that for the development of personality of students such events are essential and they know well, how to balance the academics and extra-curricular

activities. On one hand where classes are going with good strength, seminars and expert lectures had been conducted for the enhancement of the knowledge, different awareness camps had been conducted to help needy, faculty of homoeopathy is leading on other side by claiming many champion's and runners' up positions in different sport activities.

Here at parul university, our soul aim is to promote students, enhance their knowledge and develop their personality, to create a vibrant future for them. Student is our only priority and we are bind to our promises. This second edition of homoeo-sparkles is compilation of all activities and our efforts in the month of February, in concern to our aim. We are very optimistic that this zeal and creativity will add new energy and optimism to the students.

BE HERE, BE VIBRANT

Achievements

DHOOM (sports and cultural event of Parul university, conducted every year in the month of February) is around the corner. Pre-Dhoom is going on and lots of sport activities had been scheduled in the month of February ex- football, volley-ball, cricket, woodball, chess, hockey, archery, table tennis, badminton etc. we are very proud to share that faculty of homoeopathy is leading in sports by claiming many champions and runners' up positions listed as-

GIRLS-

Woodball- champions, JNHMC
Kabaddi- champions, JNHMC
Soft ball- champions, JNHMC
Valleyball- champions, PIHR

BOYS-

Woodball- runners' up

PROJECT REVIEW MEET

We believe in quality rather quantity. A vibrant future can only be attained by enhancing that quality of work. With this aim a project review meet was conducted by faculty of homoeopathy, JNHMC for internship batch to achieve certain objectives listed as-

- Provide opportunity to work in-depth on a selected topic.
- To familiarise interns from clinical practice, methodology and record keeping.
- To advance clinical evaluation skills.

HACKATHON

Faculty of Homeopathy
JNHMC

SENSITIZATION CAMPAIGN ON HEALTHCARE INNOVATION

IN ASSOCIATION WITH EDC

Date: 03rd & 04th February 2021
Time: 11:00 AM to 12:00 PM
Venue: Central Seminar Hall

edc.paruluniversity.ac.in

Hackathon is a nation-wide initiative to provide students a platform to solve some of the pressing problems faced by industries, government and other private sectors. It includes a culture of product innovation and a mindset of problem-solving. Faculty of Homeopathy, JNHMC has conducted a session in hackathon where 6 teams of students participated and discussed different problems and their tentative solutions.
