REVIEW

Month of July has found life again coming back to normal.

The Month started with recognising the efforts of Doctors in these tough times of Covid Pandemic as we celebrated Doctor's Day.

The Month of July marks the death anniversary of our Master Dr Hahnemann. Various programs were organised by the Faculty of Homoeopathy in the reverence & remembrance of the Great Master.

Offline classes and various educational field visits were in the central scheme of things and were organised by following all the SOPs and proper Covid behaviour guidelines.

Student's presence in classes & enthusiasm for various activities were noteworthy. The month of July saw the constant & continuous attempt for academic excellence as various webinars were arranged.

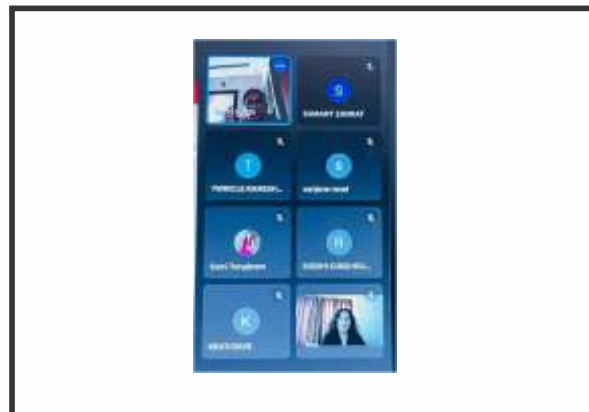

Students celebrated GURU PURNIMA by paying tribute to the tireless work and efforts put in by their teachers in nurturing their bright future.

Medical & Paramedical staff organised various medical & awareness camps in the Hospital as well as reaching out lending their medical support at various rural places.

Parul University is always committed to impart quality education to the students, encouraging them to participate in various co-curricular activities so as to aid their Over all Development.

BE HERE BE VIBRANT
