PRINCIPAL AND PROFESSOR
RHMC, PARUL UNIVERSITY

REVIEW

They say that not all days are same, some are good and some are bad but we say that for an opportunistic person it is all about colours and more colours. There are no bad and sad days but only moments full of opportunities. We, at parul follow this optimism to fulfil our desires and dreams.

Month of March came like a colourful blooming flower, full of enthusiasm and zeal to convert every disguise into opportunity. Campus was decorated with the sparkling colours of DHOOM creativity, at one end and different academic achievements on the other end. Homoeopathic faculty and students took maximum benefit of this time and marked its presence at different platforms. Their optimism came up with wonderful rewards.

Where Homoeopathic doctors were awarded M.D degree in grand convocation at parul university which provided their career new hights. Same place created a base for the sport and cultural creativity of students at different

levels. Not just this but students marked their success at national level by claiming awards of CCRH for their research work.

We just not talk about the success but efforts too. Homoeopathic faculty always lead their efforts in the direction of their aim. Month was full of different events, seminars, webinars, expert lectures and most important was the efforts to promote women empowerment and celebration of participation of women in the success and progress of the institution.

Last but not the least were the assessment tests conducted for the students and the teachers, where they all took it with much optimism to improve the quality of teaching and all was summed up with the initiation of homoeopathic faculty to take covid vaccination to participate in the war against the covid.

March edition of homoeo-sparkles is all about hope, constant efforts and achievements to share.

BE HERE, BE VIBRANT

FOURTH CONVOCATION

A grand convocation was celebrated by parul university in the month of march. Homoeopathic faculty marked its presence with 24 doctors from JNHMC and 18 doctors from AHMC got their M.D (HOM.) degree and among all Dr. Shradha Kesarwani was awarded by the gold medal for her outstanding and consistent performance in the academics.

ACHIEVEMENTS

Achievement of student is the success of the institution. Homoeopathic faculty is very proud to announce the achievements of our students.

- **Dr. Meera Kumari, M.D (HOM.), JNHMC, has received the award for best dissertation 2017-20 by CCRH, NEW DELHI.**

- Raseela Parmar (BHMS Student) RHMC, has secured 3rd rank in state slide competition organised by CCRH with theme “myth bursting facts about homoeopathy”

Dhoom Achievements

DHOOM (sports and cultural event of parul university) become a huge success for the faculty of homoeopathy. It created an enthusiastic environment in the campus, filled students with zeal and promoted their creativity at different levels. Students of JNHMC not only proved their capabilities in sport events but also marked their presence by securing different positions in cultural events.

RESEARCH WORK

To promote research activities, Parul University has its own centre for research for development (CR4D) cell.

CR4D sensitise the staff members for conducting various research work and also provide financial assistance to it.

This month, CR4D has sanctioned a research proposal of homoeopathic faculty, PIHR under the IMR (Intramural Research) scheme of Parul University.

EDUCATIONAL FIELD VISIT

Various field visits are conducted by the homoeopathic faculty for the better exposure of the students. In the month of march three educational visits were conducted by RHMC and one was conducted by PIHR.

ENRICHING EVOLUTION

ARC DRIVE:

We believe in quality and it should be applied to all, students as well as staff.

We ensure our progress by different faculty development programs. Through teacher training programs, homoeopathic faculty has been trained for various advance technologies to improvise our teaching techniques. ARC test (yearly assessment test for teaching staff) were conducted at parul university where homoeopathic faculty participated with complete optimism and enthusiasm.

WAC TEST:

WAC test is the weakly assessment test for the students through online mode. This test series were planned to ensure the progress of the students even in online teaching mode. Homoeopathic faculty assess students progress through WAC test without any fail.
