

INSTITUTE	Ahmedabad Homoeopathic Medical College		
DEPARTMENT	Sports Cell		
ACTIVITY TYPE	WORLD ENVIRONMENT DAY - Marathon		
DATE	5th JUNE 2023	Duration	1 DAY
NUMBER OF PARTICIPANTS	30		

Parul University, Ahmedabad Campus, celebrated World Environment Day on 5/6/23 with great zeal and fervor. The event was a resounding success, as students actively participated in a 4km marathon aimed at raising awareness about environmental conservation.

The campus was filled with enthusiasm as students gathered to showcase their commitment to creating a sustainable future. The atmosphere was buzzing with energy as catchy slogans like "Save Energy, Save Environment, Save Water" echoed throughout the event. These slogans served as a reminder of the importance of individual actions in protecting and preserving our environment.

The students embraced the concept of 'Lifestyle for the Environment (LiFE),' a global initiative introduced by our esteemed Prime Minister, Shri Narendra Modiji. LiFE encourages individuals and institutions worldwide to adopt mindful and deliberate utilization instead of mindless and destructive consumption. By endorsing LiFE, the students demonstrated their understanding of the significance of their actions in ensuring the well-being of our planet.

A highlight of the event was the solemn pledge taken by the students to save and

protect the environment. This pledge symbolized their unwavering dedication to making a positive impact on the planet. It showcased their determination to carry the spirit of World Environment Day beyond the event, making conscious choices every day to preserve our precious natural resources.

The success of the celebration would not have been possible without the generous support of Redbull, who sponsored the event and provided energy drinks to the enthusiastic participants. We extend our heartfelt gratitude to Redbull for their contribution to this remarkable event.

As we reflect on this momentous day, let it serve as a reminder that our efforts to protect the environment should not be limited to a single day. Let us continue this momentum, working together to create a sustainable and thriving planet for future generations. Each individual has the power to make a difference through their choices and actions, and it is through collective efforts that we can build a brighter future.

Parul University and its students remain committed to environmental conservation, and we are dedicated to inspiring others to join us in this noble cause. Together, we can make a lasting impact and ensure that our planet thrives for generations to come.
