

□□□

As a part of continuous practical learning process, the 4th BHMS students of JNHMC (Parul University) were carried to Sewage Treatment Plant, Gajarawadi, Vadodara on 12th September 2017.

The staff members of Sewage Treatment Plant have explained in detail about the actual functioning of this Plant and we are very thankful for their cooperative gesture.

This educational Field visit was headed by Dr Zankhana Desai, HOD, Dept. of Community Medicine.

The students of 4th BHMS class were also complimented for their full attendance, learning attitude and utmost discipline...

The team JNHMC (Parul University) is committed for arranging such Educational Field Visits meticulously...

Be Here...

Be Vibrant...
