(DEPARTMENT OF COMMUNITY MEDICINE)

Report- Visit to Baroda dairy

DATE: 04 Dec. 2018

PLACE: Baroda dairy

CLASS: Fourth year BHMS

NUMBER OF STUDENTS: 100

FACULTY MEMBER: Dr. Zankhana Desai (HOD Dept. of Community Medicine)

The teachers of Jawaharlal Nehru Homoeopathic Medical College always emphasize on giving practical exposure to students....

On 4th December 2018 the department of Community Medicine under the Leadership of Dr. Zankhana Desai has arranged an educational field visit to Baroda dairy, Vadodara. About 100 students of fourth year BHMS were Present

for this visit. The objective of this visit was to study & understand the milk pasteurisation process & other related activities.

During this visit the students have visited different plants like...

- 1) Pasteurisation plant
- 2) Milk packaging plant laboratory
- 3) Butter plant
- 4) Cheese plant
- 5) Ghee plant
- 6) Cold storage
- 7) Ice cream plant etc.

There was also a photo gallery which high lighten the genesis of Baroda dairy. The students also visited the laboratory where the purity, fat & SNF content of milk was checked. The officials of Baroda dairy were very co operative & they taught the students about different procedures in minute detail. It was indeed a wonderful interactive visit where the students understood milk pasteurisation, packaging at large scale.

Such organised field visits truly help the students in their curricular activities & gives them an opportunity & unforgettable learning experience. We would like to thank Dr. Poorav Desai (Principal JNHMC) for giving us the opportunity to learn from experience. We would also like to thank the officials of Baroda dairy for their courtesy & Help.

Report prepared by: Miss. Jyoti & Miss. Krishna (Fourth year BHMS Students)
