JAWAHARLAL NEHRU HOMOEOPATHIC MEDICAL COLLEGE

Department of Forensic Medicine & Toxicology

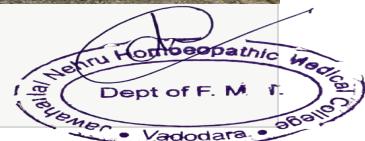

OBJECTIVES:

- To understand the medico-legal role of the police in healthcare-related investigations.
- To observe the procedures of registering FIRs, handling of medico-legal cases, and interaction with medical institutions.
- To enhance awareness about documentation requirements for doctors in legal cases (e.g., assault, rape, poisoning, death).
- To gain insight into the coordination between police and healthcare professionals in the justice system.
- To promote understanding of human rights, gender sensitivity, and ethical responsibilities in dealing with victims and accused.

OUTCOMES:

- Improved understanding of the legal framework surrounding forensic and emergency medical care.
- Ability to identify the steps involved in police procedures relevant to healthcare (e.g., MLC registration, inquest, dying declaration).
- Enhanced appreciation of the importance of accurate medical documentation and its legal value.
- Strengthened awareness of the doctor's responsibilities in reporting and assisting in medico-legal cases.
- Development of a practical outlook toward interdisciplinary collaboration between law enforcement and the medical profession.

PARUL UNIVERSITY

FACULTY OF HOMOEOPATHY

Education Field Visit: 03

Date: 31-07-2025

**Place of Visit: Blood Bank, Parul University ,
Waghodia, Vadodara**

Circular for Educational Field Visit

This is to inform you that the Dept of pathology & Microbiology of Jawaharlal Nehru Homoeopathic Medical College has organized an **Educational Field Visit to Parul Sevashram Blood Bank, Parul University** for the students of 2nd BHMS on 31/07/25 from **10.00 AM to 1.00 PM**.

So, all the students are instructed to attain the Blood Bank Visit on said dated.

Dr. Timir Kanti Mahato
Head of the department
Dept. of pathology & Microbiology.

Education Field Visit – Blood Bank

General Details

Department	Pathology & Microbiology
Year	2 nd B.H.M.S
Session	2024-25
Date of Visit	31/07/2025, Time: 10:00 am-01:00 pm
Number of Students	Total Students: 100 Present: 96
Name of Accompanying Teachers	Dr Timir Kanti Mahato (HOD Dept of Pathology& Microbiology) Dr. Pragya Srivastava (Assistant Professor, Pathology& Microbiology)
Name & Place of Visit	Parul Sevashram Blood Bank, Parul University
SDG	  

OBJECTIVES	To familiarize students with the structure, functioning, and significance of a blood bank in healthcare delivery.
	To gain knowledge of the proper procedure of voluntary blood donation, including pre-donation screening and post-donation care.
	To learn about the process of separation of blood into its components (RBCs, plasma, platelets, cryoprecipitate) and their clinical applications.
	To understand the storage requirements, temperature control, and use of preservatives for maintaining the viability of blood and its components.
	To bridge theoretical knowledge of pathology and microbiology with real-life applications through field exposure.
OUTCOMES	
	Describe the importance and role of blood banks in patient care and healthcare systems.
	Explain the step-by-step process of donor selection, screening, and safe blood donation.
	Outline the standard procedures of collecting blood from donors and the precautions taken to ensure donor safety.
	Explain the principles of storage, temperature requirements, and preservatives used for blood and its components.
	Recognize the importance of quality control, infection prevention, and ethical practices in transfusion medicine.

**The Principal
Jawaharlal Nehru HMC
Vadodara (Gujrat)**

Visit of Budding Future Doctors on 04/09/2025 (Thursday)

Dear Sir / Madam,

We thank you for sending 99 BHMS and 5 Staff for acquiring practical knowledge on **September 04, 2025**, at our factory.

We confirm that they were conducted by our experienced staff around all aspects of our factory and were explained in detail various aspects of manufacturing of Homoeopathic medicines by following GMP compliances.

We also confirm that our experienced botanist guided them through our Botanical Garden, showcasing the seasonal medicinal plants we have cultivated and addressing their plant-related inquiries.

A detailed question/answer session with slide show was also conducted by our scientific experts on various aspects of Homoeopathy.

Thanking you once again and we will be looking forward for similar visit next year also.

GLIMPSES OF VISIT

Image: Field visit to Amul Dairy, Anand

EDUCATIONAL FIELD VISIT TO AMUL DAIRY

Date: 23/09/2025

Time: 09:30 AM

Faculty Coordinator: Dr Zankhana P. Desai, & Dr Mayank Yadav.

Batch: 4th BHMS (2025-2026)

Number of students: 88/100

1. Purpose & Learning Objectives

The primary purpose of the visit was to provide students with practical exposure to **industrial-scale milk processing and pasteurisation techniques**. Specific learning objectives included:

- To understand the **process of pasteurisation** and its significance in ensuring milk safety.
- To gain insights into **quality control measures** adopted in the dairy industry.
- To study the **supply chain and distribution network** of a large dairy cooperative like Amul.
- To correlate **theoretical knowledge from classrooms** with industrial practices.
- To encourage awareness about **food safety standards, hygiene practices, and technological innovations** in the dairy sector.

2. Key Observations & Technical Learnings

- Students observed the **receiving and chilling of raw milk** at collection centers before processing.
- Detailed demonstration of the **pasteurization process** using the **HTST (High Temperature Short Time) method**, ensuring the destruction of pathogenic microorganisms.
- Exposure to **modern equipment** such as plate heat exchangers, homogenisers, and automatic packaging units.

- Importance of **temperature monitoring, quality testing, and hygiene protocols** was highlighted.
- Students learned about **by-products utilization** (butter, ghee, curd, cheese, etc.) and the value-added chain.
- Amul officials explained the **role of cooperative societies** in ensuring farmer welfare and sustainable dairy development.

3. Student Engagement (Q&A, Participation, Discipline)

- Students actively participated in **interactive sessions** with the technical staff of Amul.
- Several queries were raised about **pasteurization standards, packaging methods, and product safety**, showing enthusiasm and critical thinking.

4. SDGs Fulfilled

The visit aligned with several **Sustainable Development Goals (SDGs)**:

- SDG 3 – Good Health and Well-being:** Ensuring safe milk supply through pasteurization.
- SDG 8 – Decent Work and Economic Growth:** Showcasing cooperative-driven rural employment and dairy entrepreneurship.
- SDG 9 – Industry, Innovation, and Infrastructure:** Exposure to modern dairy technologies and innovations.
- SDG 12 – Responsible Consumption and Production:** Promoting food safety, waste reduction, and value-added production.

5. Industry Cooperation & Facilities Provided

- Amul Dairy, Anand, extended **full cooperation** in organising the visit.
- Technical experts delivered **presentations and demonstrations** for the students.
- The visit concluded with an **interactive Q&A session**, allowing students to clarify doubts.

GLIMPSES OF VISIT

EDUCATIONAL FIELD VISIT TO PRIMARY HEALTH CENTER

Date: 26/09/2025

Time: 10:00 AM

Faculty Coordinator: Dr Zankhana P. Desai, & Dr Mayank Yadav.

Batch: 3rd BHMS (2025-2026)

Number of students: 68/100

1. Purpose & Learning Objectives

The primary purpose of the field visit to the Primary Health Centre (PHC), Goraj, was to provide students with practical exposure to the functioning of a rural health facility and its role within the public health delivery system.

Learning Objectives:

- To understand the organisation and staffing pattern of a PHC.
- To study the range of healthcare services provided under National Health Programs.
- To observe patient flow, record-keeping, and referral mechanisms.
- To understand challenges in delivering primary healthcare in rural areas.
- To relate theoretical knowledge of community medicine with field realities.

2. Key Observations & Technical Learnings

- **Infrastructure:** The PHC had adequate infrastructure as per Indian Public Health Standards (IPHS), including OPD rooms, labour room, minor OT, and essential laboratory facilities.
- **Human Resources:** The team included a Medical Officer, Staff Nurse, Pharmacist, Lab Technician, and ANMs. ASHAs and Anganwadi workers were actively engaged in outreach services.

Services Provided:

- Outpatient services for minor ailments and maternal-child health.
- Immunization sessions under UIP.
- Family planning counseling and contraceptive distribution.

- Management of communicable and non-communicable diseases under NHM programs.
- Record Maintenance: Registers for MCH, immunization, disease surveillance, and drug inventory were well maintained and updated.
- Community Outreach: The PHC supervised several sub-centres and regularly conducted Village Health and Nutrition Days (VHNDs).
- Challenges Observed: Shortage of manpower and limited laboratory diagnostic facilities were noted.

Technical Learnings:

- Understanding of patient registration and reporting formats (HMIS).
- Observation of biomedical waste segregation and infection control practices.
- Exposure to supply chain management for essential drugs and vaccines.
- Practical understanding of referral linkages with the Community Health Center (CHC).

3. Student Engagement (Q&A, Participation, Discipline)

- Students actively interacted with the Medical Officer and nursing staff. They asked relevant questions on immunization logistics, disease surveillance, and data management.
- Participation during demonstrations in the labor room and OPD was enthusiastic.
- Overall discipline, punctuality, and attentiveness of students were commendable, reflecting sincere academic engagement.

4. SDGs Fulfilled

The visit contributed to understanding and promoting the following Sustainable Development Goals (SDGs):

- **SDG 3:** Good Health and Well-Being – by observing systems ensuring maternal, child, and general health services.
- **SDG 4:** Quality Education – through experiential learning in public health practice.
- **SDG 6:** Clean Water and Sanitation – through understanding of WASH and hygiene practices in healthcare settings.
- **SDG 17:** Partnerships for the Goals – by witnessing intersectoral coordination between health, ICDS, and community workers.

5. Industry Cooperation & Facilities Provided

- PHC staff extended full cooperation throughout the visit.
- Students were allowed to tour all service areas including OPD, IPD, laboratory, immunization room, and labor room.
- Demonstrations on vaccine storage, biomedical waste segregation, and patient record maintenance were provided.
- The PHC also facilitated access to health data and allowed interaction with community health workers.

ATTENDENCE:

ANNEXURE - VII

UNDERTAKING LETTER BY STUDENTS

We, the undersigned students of (3rd BHMS, 2025-2026, JNHMC, Faculty of Homoeopathy) at Parul University, Vadodara, Gujarat – 391760, do hereby undertake that we are participating in the Industrial Visit / Cultural Visit / Field Visit / Study Tour / Outbound Training to PRIMARY HEALTH CENTRE, MORAI organized on 26/09/2025 (Date), with departure from PU at 10:00 AM (Time) and return to PU on 26/09/2025 (Date) at 2:00 PM (Time).

We hereby declare and agree that:

- We shall abide by all the **rules, regulations, and guidelines** of Parul University, as well as those of the host **Institution / Organisation / Company / Industry** and the **local authorities** of the place being visited.
- We understand that any **violation, misconduct, or indiscipline** during the visit will make us liable for **disciplinary action** as deemed appropriate.

CIRCULAR

Subject : Educational field visit To District Court, Diwalipura, Vadodara.

All the students of IInd BHMS are hereby informed that an Educational Field Visit to the District Court, Vadodara has been arranged as part of their curriculum. The details are as follows:

Date: 22nd September 2025 To 1st October 2025

Time at Venue: 10:30 AM sharp onwards

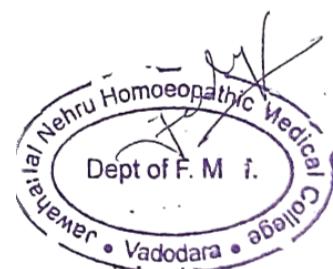

Venue: District Court, Diwalipura, Vadodara.

Instructions to Students:

1. Students must carry their College Identity Card without fail.
2. Students should wear a white apron.
3. Carry a notebook and pen for noting important points.
4. Students must have their breakfast before reaching the location.
5. Use of mobile phones, cameras, photography, or videography is strictly prohibited within the court premises. Any violation will be considered a serious misconduct.

You are kindly advised to reach the venue on time and make your own travel arrangements.

Your punctuality, discipline, and professional behaviour during the visit are expected.

Dr. Falguni Patel
Professor, Head of Department of
Forensic Medicine & Toxicology
Jawaharlal Nehru Homoeopathic Medical College,
Parul University

Court Visit Approval Letter

By Email only

No.Adm.B-23(1)/1966/2025.

District Court, Vadodara.

Date: 19 /09/2025.

To,

The Principal,
Jawaharlal Nehru Homoeopathic Medical College,
Faculty of Homoeopathy,
Parul University,
Vadodara.
Email:- falguni.patel@paruluniversity.ac.in

Subject: Permission for Court Visit of Students.

Sir/Madam,

With reference to your Email dated 16.09.2025 and 19.09.2025, on the subject noted above, I am directed by the Hon'ble Principal District Judge, Vadodara, to inform you that, permission is granted to 100 students of Second year BHMS from 22nd September, 2025 to 1st October, 2025, 10 students each per court for observing the court proceedings of the courts of Additional Sessions Judges at Vadodara with 1 faculty members from your institute each day to manage students.

You are further informed that use of mobile phones and camera is strictly prohibited in Court Premises.

Registrar,
District Court,
Vadodara.

Educational Field Visit to District Court

Date: 22/09/2025 to 01/10/2025

Time: 09:30 AM

Faculty Coordinator: Dr. Falguni Patel & Dr. Chintan Topiwala

Batch: 2nd BHMS (2025-2026)

Number of students: 94 / 97

Purpose & Learning Objectives :

The educational visit to the District Court was organized to provide 2nd BHMS students with practical exposure to the judicial system and its interconnection with Forensic Medicine and Medico-Legal practice.

Objectives of the visit included:

To familiarise students with the structure and functioning of the District Court and its various divisions (Civil, Criminal, and Sessions).

To observe live court proceedings and understand the process of examination and cross-examination of witnesses, including medical experts.

To comprehend the legal importance of medical documentation such as postmortem reports, injury certificates, and medico-legal case (MLC) reports.

To understand the ethical and professional responsibilities of doctors serving as expert witnesses in the court of law.

To bridge theoretical knowledge of Forensic Medicine with real-world judicial applications.

Key Observations & Technical Learnings :

During the visit, students observed multiple sessions and proceedings across different courtrooms and gained valuable exposure to the judicial process.

Highlights and technical learnings included:

Court Functioning and Roles: Understanding the hierarchy and duties of judicial officers including Judges, Public Prosecutors, Defence Advocates, and Court Clerks.

Witness Testimonies: Observation of live witness examination, cross-examination, and the role of medical practitioners in delivering expert testimony.

Legal Documentation: Recognition of the critical role played by medical evidence—postmortem reports, injury certificates, and medical opinions—in influencing legal decisions.

Types of Cases: Exposure to cases involving bodily harm, poisoning, sexual offences, and accidents where medical evidence was central.

Professional Conduct: Learning courtroom discipline, communication etiquette, and the importance of precise, unbiased testimony by medical professionals.

Integration of Medicine & Law: Understanding how forensic medical findings assist the court in establishing facts and delivering justice.

Interactive Session with Judicial Officers :

After the court sessions, students had the valuable opportunity for face-to-face discussions with several Judges and legal officers.

Key insights gained included:

Understanding the expectations of the judiciary from medical experts during testimony.

Clarification on legal terminologies, medico-legal procedures, and how medical evidence supports the judicial decision-making process.

Discussion on ethical dilemmas faced by doctors in medico-legal situations.

Guidance on maintaining professional integrity, neutrality, and accuracy while preparing and presenting medico-legal documents.

Broader understanding of the collaboration between legal and medical systems in upholding justice and public welfare.

Students expressed great enthusiasm during the interaction, asking relevant questions related to practical medico-legal issues, documentation, and expert witness responsibilities. The judges appreciated the students 'curiosity and highlighted the vital role of doctors in the justice delivery system.

Student Engagement:

The 2nd BHMS students demonstrated active participation, discipline, and professionalism throughout the visit.

Engagement Outcomes:

Maintained respectful behavior and attentiveness during courtroom sessions.

Participated in Q&A sessions and discussions with legal professionals and faculty.

Took detailed notes of observations and clarified medico-legal concepts post-visit.

Reflected on the visit through interactive debriefing sessions in the department

EDUCATIONAL FIELD VISIT TO SEWAGE TREATMENT PLANT

Date: 06/12/2025

Time: 10:00 AM

Faculty Coordinator: Dr Zankhana P. Desai, & Dr Mayank Yadav.

Batch: 4th BHMS (2025-2026)

Number of students: 75/100

1. Purpose & Learning Objectives

- To provide students with first-hand exposure to the operational aspects of a Sewage Treatment Plant (STP) and its role in environmental sanitation and public health protection.
- To help students understand the complete sewage treatment process, from inlet screening to final effluent discharge or reuse.
- To correlate theoretical knowledge of wastewater management with real-world infrastructure and practices.
- To sensitise students to the public health importance of safe sewage disposal in preventing waterborne diseases and environmental pollution.
- To introduce students to occupational health and safety measures followed by STP personnel.

2. Key Observations & Technical Learnings

Students observed the major components of the STP, including:

- Inlet chamber and bar screens
- Grit chamber
- Primary sedimentation tank
- Aeration tank (biological treatment)
- Secondary clarifier
- Sludge drying beds/sludge management unit
- Understanding of primary, secondary, and tertiary treatment processes was reinforced through on-site explanation.

- Students learned about:
- Removal of suspended solids, organic matter, and pathogens
- Role of microorganisms in biological treatment
- Importance of maintaining parameters such as BOD, COD, and dissolved oxygen
- Observation of treated effluent quality and its reuse for gardening, irrigation, or safe discharge as per regulatory norms.
- Awareness was created regarding environmental regulations and pollution control standards related to wastewater management.

3. Student Engagement (Q&A, Participation, Discipline)

Students actively participated by:

- Asking questions regarding treatment efficiency, capacity, and maintenance challenges
- Clarifying doubts related to odour control, sludge disposal, and health hazards
- High level of discipline and attentiveness was maintained throughout the visit.
- Students followed safety instructions and remained in designated areas during the plant tour.
- Interactive discussion sessions helped students link public health concepts with environmental engineering practices.
- Overall engagement indicated keen interest and curiosity, enhancing experiential learning.

4. SDGs Fulfilled

The field visit contributed towards understanding and promoting the following Sustainable Development Goals (SDGs):

- SDG 3 – Good Health and Well-being: Prevention of waterborne diseases through proper sewage treatment.
- SDG 6 – Clean Water and Sanitation: Safe treatment, reuse, and disposal of wastewater.
- SDG 11 – Sustainable Cities and Communities: Urban sanitation infrastructure supporting healthy living conditions.
- SDG 12 – Responsible Consumption and Production: Wastewater recycling and resource recovery.
- SDG 13 – Climate Action: Environment-friendly waste management, reducing ecological impact.

5. Industry Cooperation & Facilities Provided

The STP management extended full cooperation by:

- Providing guided plant tour and technical explanations by trained personnel
- Allowing students access to key operational units of the facility
- Educational support included:
- Demonstration of treatment flow diagrams
- Explanation of routine monitoring and quality control practices
- Adequate safety measures were ensured during the visit.
- The visit facilitated industry-academia interaction, enriching students' practical understanding of environmental health systems.

GLIMPSES OF VISIT

Attendance Sheet

ANNEXURE - VII
UNDERTAKING LETTER BY STUDENTS

We, the undersigned students of (4th BHMS, {2025-2026}, JNHMC, Faculty of Homoeopathy) at Parul University, Vadodara, Gujarat – 391760, do hereby undertake that we are participating in the Industrial Visit / Cultural Visit / Field Trip / Study Tour / Outbound Training to Sewage Treatment Plant, PU, Vadodara organized on (Date), with departure from PU at 10:00 AM (Time) and return to PU at 1:00 PM -- (Date) at 06/12/2025 (Month).

We hereby declare and agree that:

- We shall abide by all the rules, regulations, and guidelines of Parul University, as well as those of the host Institution / Organisation / Company / Industry and the local authorities of the place being visited.
- We understand that any violation, misconduct, or indiscipline during the visit will make us liable for disciplinary action as deemed appropriate.

UNDERTAKING LETTER BY ACCOMPANYING FACULTY COORDINATOR

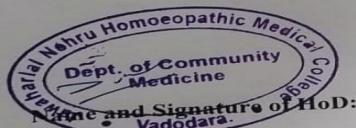

ANNEXURE - III

UNDERTAKING LETTER BY ACCOMPANYING FACULTY COORDINATOR

- 1 / we will take care of the students participating in the tour.
- 2 / we will ensure that the students will abide by the rules and regulations of PU and also the Institution / organization / company / Industry or the local authority of the place to which such tours is being undertaken.
3. I / We hereby state that all the parents/ guardians of the students concerned are informed of their official trip well in advance and obtained their consent.
4. I / we will be liable for disciplinary action if it is found that the safety of the students is compromised in any manner during the tour.
5. Students shall not be taken or permitted to visit mountain areas, rivers, canals, beaches, water parks, reservoirs, forest areas, or similar locations, **unless specifically required for academic purposes by a particular discipline** (e.g., Civil Engineering students visiting a dam site).

In such exceptional cases, the concerned student(s) shall remain **personally responsible and answerable** for any untoward incident occurring during the visit.

EDUCATIONAL FIELD VISIT TO WATER PURIFICATION PLANT

Date: 19/12/2025

Time: 02:00 PM

Faculty Coordinator: Dr Zankhana P. Desai, & Dr Mayank Yadav.

Batch: 3rd BHMS (2025-2026)

Number of students: 77/89

1. Purpose & Learning Objectives

The field visit to the Water Purification Plant was organized to provide students with practical exposure to the processes involved in the treatment and supply of safe drinking water. The visit aimed to bridge the gap between theoretical knowledge taught in the classroom and real-world public health practices.

The specific learning objectives were:

- To understand the complete process of water purification from raw water intake to final distribution.
- To familiarise students with various physical, chemical, and biological treatment methods used to ensure potable water quality.
- To highlight the importance of safe drinking water in the prevention of water-borne diseases.
- To sensitise students to the role of water purification plants in community health and environmental sustainability.

2. Key Observations & Technical Learnings

Students observed the sequential stages of water treatment, starting from raw water collection from surface sources. The technical processes demonstrated included:

- Screening and Aeration: Removal of large debris and improvement of water quality by increasing dissolved oxygen.
- Coagulation and Flocculation: Use of coagulants (such as alum) to aggregate suspended particles.
- Sedimentation: Settling of flocs to reduce turbidity.
- Filtration: Passing water through sand and gravel filters to remove remaining impurities.

- Disinfection: Chlorination and other disinfection methods to eliminate pathogenic microorganisms.
- Storage and Distribution: Ensuring treated water is safely stored and supplied to the community.

3. Student Engagement (Q&A, Participation, Discipline)

Students actively participated throughout the visit and demonstrated keen interest in the functioning of the plant. They engaged in interactive question-and-answer sessions with plant officials, seeking clarification on treatment efficiency, challenges faced during monsoon seasons, and emergency response during contamination events.

The students maintained proper discipline, followed safety instructions, and listened attentively during technical explanations. Their participation reflected a high level of academic curiosity and professionalism.

4. SDGs Fulfilled

The field visit contributed to the understanding and promotion of several Sustainable Development Goals (SDGs):

- SDG 3: Good Health and Well-being – Emphasising the role of safe drinking water in disease prevention.
- SDG 6: Clean Water and Sanitation – Understanding sustainable management of water resources and access to safe water.
- SDG 4: Quality Education – Enhancing experiential learning through field-based education.
- SDG 13: Climate Action – Awareness about sustainable water management and environmental protection.

5. Industry Cooperation & Facilities Provided

The management and technical staff of the Water Purification Plant extended full cooperation during the visit. They provided detailed explanations of each treatment unit, demonstrated operational procedures, and shared practical insights into plant management and maintenance. Facilities such as guided tours, technical demonstrations, and access to operational areas were made available to the students. The cooperation of the industry personnel significantly enhanced the learning experience and ensured the visit was informative, safe, and well-organised.

GLIMPSES OF VISIT

ATTENDANCE SHEET

ANNEXURE - VII
UNDERTAKING LETTER BY STUDENTS

We, the undersigned students of (3rd BHMS, 2025-2026, JNHMC, Faculty of Homoeopathy) at Parul University, Vadodara, Gujarat – 391760, do hereby undertake that we are participating in the Industrial Visit / Cultural Visit / Field Trip / Study Tour / Outbound Training to ~~Water Purification Plant, PU, Vadodara~~ organized on -- (Date), with departure from PU at ~~2.00 PM~~ (Time) and return to PU on ~~19/12/2025~~ -- (Date) at ~~5.00 PM~~ (Time).

We hereby declare and agree that:

- We shall abide by all the rules, regulations, and guidelines of Parul University, as well as those of the host Institution / Organisation / Company / Industry and the local authorities of the place being visited.
- We understand that any violation, misconduct, or indiscipline during the visit will make us liable for disciplinary action as deemed appropriate.
