### Details about the activity:

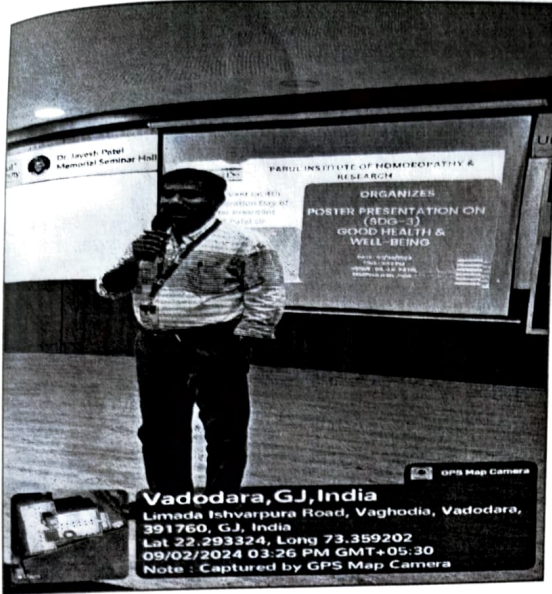

The PIHR event cell organized a poster presentation competition on the topic of Sustainable Development Goal 3 to commemorate the 4th Founder's Day of Parul University in honor of Dr. J. K. Patel. The event was attended by Dr. Komal Patel, the Director of Medical and Paramedical, who encouraged the students to excel in their studies and to maintain humility and kindness. Students presented their posters according to the theme and winners were felicitated with certificates and prizes. There was also the unveiling of the quarterly bulletin – HOMOEINSIGHT by the dignitaries coordinated by editor Dr. Preeti Jha.

### Outcome/Feedback:

Students gained knowledge about the importance of sustainable goals and were made aware about good health and well being. The Sustainable Development Goals (SDGs), also known as the Global Goals, were adopted by the United Nations in 2015 as a universal call to action to end poverty, protect the planet, and ensure that by 2030 all people enjoy peace and prosperity. SDG 3 aims to prevent needless suffering from preventable diseases and premature death by focusing on key targets that boost the health of a country's overall population. Importance of good health at all ages was demonstrated by the students through their posters. This theme runs parallel with our faculty of Homoeopathy as it is a system of medicine that brings cure to sick and promotes well being.
