Details about the activity: On the occasion of World Environment Day Parul Institute of Homoeopathy and Research in association with Parul Innovations and Entrepreneurship Research Center had organized an expert talk on Biodegradable products and renewable sources of energy. The speakers, Mr. Saurabh Suman, Managing Director, World Healing Society Foundation, a Vadodara-based NGO, and Mr. Nilesh Patil, CEO, Roshni Solar & Social activist, gave their valuable inputs.

Outcome:

As the world grapples with the challenges of climate change, dwindling natural resources, and increasing energy demands, renewable energy emerges as the beacon of hope for a sustainable future. Students were given insights on use of biodegradable products and renewable source of energy. Use of EV and air and solar energy can reduce the use of fossil fuels, such as coal, oil and gas which contributes around 75% of global greenhouse gas emissions. The renewable energy in the economic sector is contributing in job creation and industry growth. By use of biodegradable products it can help the environment in various ways i.e. Reduction in Carbon Emission, Lesser Energy Consumption, Eco-Friendly Disposable Solution, Recyclable Material etc.
