WORLD ORAL HEALTH DAY REPORT

DEPARTMENT: COMMUNITY MEDICINE

DATE OF CELEBRATION: 19/3/2021

TIME: 11 TO 12 PM

EVENT COORDINATOR: DR.BHAGYALAKSHMI JADHAV, DR.AARTI KONDHALKAR.

UNDER THE GUIDANCE OF PRINCIPAL DR. B.P.PANDA

World Oral Health Day is celebrated each year on March 20 and a yearlong campaign is launched by national dental association to raise public awareness about the oral health issues and oral hygiene. Government, health associations and general public can work together to achieve healthier mouths and happier lives is the main aim of celebrating this day worldwide.

The Department of Community Medicine on this occasion had organized a special awareness session for hospital patients and students. Dr Hemangi Vasava, Medical Officer in PIHR Hospital was the speaker for this event; she addressed the patients on the importance of oral hygiene and how to maintain it. The event was concluded with distribution of toothpaste to the patients of PIHR Hospital by faculty members and students.
