

RAJKOT HOMOEOPATHIC MEDICAL COLLEGE

DEPARTMENT OF ANATOMY

VISIT REPORT 2018

Dept of Anatomy had organized an educational visit on 27th June, 2018 for the students of 1st BHMS to P.D.U. Medical Collage, Rajkot. Students were accompanied by Dr Mitesh Jani , H.O.D , Department of Anatomy & Dr.Purvi vasani, Lecturer, dept. of Anatomy.

The visit started at 10 am after gathering at Anatomy Department of P.D.U Collage attendance was taken. The students have visited the departmental museum. In the museum, they saw lots of specimens well preserved in different jars. All the specimens were arranged in such a manner that made the observation very easy. The number of specimens placed in museum were,

1. Upper limb : 39
 2. Lower limb : 54
 3. Thorax : 46
 4. Abdomen : 67
 5. Head & neck : 50
 6. Sectional anatomy : 08
 7. General anatomy : 09
- Total specimen : 273

The section of Neuroanatomy had got a separate room with having 32 jars of different specimen.

Besides these, there were so many charts and project models prepared by the students. The staff of Anatomy museum , Museum Curator , Mr. Raval bhai & other staff were very co-operative and they solved all our queries related to any specimen. This visit became very helpful for the students according to the study purpose as the museum had covered all the body parts with many different sections and views.
