

Educational
Visit Report

**Department
of
SURGERY**

Rajkot Homeopathic
Medical College

2017-18

Dept of Surgery had organized an educational visit on 4 August, 2018, for the students of 3rd BHMS to Kothari Cancer Hospital, Rajkot. Students were accompanied by Dr. J. N. Patel, H.O.D., and Dr. Viren D. Nimbark, Lecturer, dept. of Surgery.

The visit started at 9am after gathering at hospital in waiting area and attendance was taken. There was an exhibition of charts on different types of cancer nearby waiting. Then students were allowed to visit and learn about different departments in the hospital accompanied with different hospital staff as mentioned below:

- Out Patient Department
- Surgical Oncology Department
- Radiation Oncology Department
- Radiology Department
- Medical Oncology Department
- Chemotherapy Department

After visiting these all different departments of hospital there were an audio-visual presentation on HAZARDS OF USING TOBACCO & SMOKING. Dr. Chhantbar sir delivered a lecture on different aspects of cancer and also answered few queries.

There were newer and updated technologies which worth understanding along with instruments and machines required for investigations and treatment in cancer.

Students were explained how these instruments and machines work and how the treatment of different patients is carried out.

We were also allowed to see the post surgical patients with kind permission from hospital management and relatives of the patients.

The staff was also very co-operative and they also answered if any questions rose about instruments and treatment.
