## Report of CCRH WEBINAR

DEPARTMENT	Rajkot Homoeopathic Medical College
ACTIVITY TYPE	Co- curricular
ACTIVITY TITLE	CCRH WEBINAR
DATE & TIME	22nd December 2023, 2pm to 3pm.

### Objective:

- To introduce health research.
- Need for the research in educational institutes.
- Opportunities for undertaking research by faculty/student.

### Activity Details:

This is 1st webinar of the series, RISE (Research Interactions for Student enrichment, enhancement and encouragement) that is going to be conducted by CCRH. This webinar series was inaugurated by Dr. Subhash Kaushik, Director General, CCRH, Ministry of Ayush, Govt. of India. There were two speakers of webinar as followed:

1. Dr. Debdatta Nayak, Research officer (Homoeopathy)/Scientist-III
2. Dr. Anupriya Chaudhary, Research officer (Homoeopathy)/Scientist-II

The webinar had started at 2 pm then after first speaker Dr. Anupriya Chaudhary had explained about different research perspective. Dr. Debdatta Nayak had explained about different aspect of research required by faculty/student. They have acknowledged about different methods of research and scholarship schemes by CCRH. There is requirement of linking education with research. Homoeopathic physician could be better scientist as well. Scientific research could be the base for modern Homoeopathy.

There were 32 faculties and 264 students had participated with active interaction in this webinar from Rajkot Homoeopathic Medical College, Parul University, Gujarat. We are very thankful for such useful webinar and optimistic for the same in future.

### Outcome:

There is increased awareness about research in Homoeopathy. There is continuous requirement for different research by students, faculties and physicians.
