and other is to visit **Statue of Unity at Narmada.**

Department had taken all efforts to make this educational visit more fruitful and memorable as well as economical for students.

For the same HOD had taken all necessary permission like, Bus entry letter from police commissioner of Vadodara, concession letter from principal for SOU visit, etc...

Written consent of students also taken in advance for educational visit

Dr P Joshi, HOD, Repertory, Dr R Sanja, HOD, Materia Medica and Dr P Vaghamshi, lecturer, Repertory had joined students during educational visit.

The Rajkot homoeopathic medical college conducted an Educational tour Last December 15-16-17.2018 at Vadodara City at “HAHNEMANN HOUSE” R. P. Patel Institute. Our visit of R.P Patel Institute was planned on 15th December ,2018 we all are gathered in college campus at 9:00 pm at night. Then we started our journey at 10:00 pm through travels bus from Rajkot homoeopathic medical college (RHMC) to Vadodara. Before we visit the R. P. Patel institute, we had another plane to visit the statue of unity.

We reached at Galaxy hotel about at 7:00am there we got refresh & relaxed for some time then we took delicious breakfast & tea. Then we went to visit the statue of unity. It is located on the Sadhu bet island, near Rajpipla on the Narmada river, it is located between the satpura and the Vidhya mountain it is built in dedication to iron man sardar Vallabhbhai Patel, who served as the first home minister of independent India.

Then we again started our journey to the R.P Patel homoeopathic institute. We reach Hahnemann house Baroda at 5:30 pm, 15th December '18, Sunday and meet R.P. Patel's grandson Dr. Gopal Patel.

The consultation room are in ground floor with a very big waiting hall, dispense stock room, laboratory is placed together.

In the first floor there is room for Kent's documentation center in which recorded case with evidence-based documents are available. Dr Hering room also connected together. A separated room for repertory research also provides in this floor. the

entire top floor is allotted for conference hall, which could accommodate 500-600 persons. That hall is being utilized for meeting & seminars. Then we went to the museum which comprise of various section. There was section of Hahnemann biography, original repertory in his own hand writing, editions of organon (original) and on the wall were portraited few pictures comprising Hahnemann in different age of his life, Hahnemann 's residence and hospital at koethan, leipzig. Also, we saw pictures of few of medical instruments used by him like stethoscope, weighting machine, porcelain mortar and pestle etc. Then we saw photos of medical instruments & Hahnemann's family members. We saw image of Hahnemann's death bed. We also got some information about card repertory by Gopal Patel. How it can be used. and also, method of repertorisation from card repertory.

We also saw some charts related to principles, literature of homoeopathy and contribution of different pioneers. We also saw the plenty of book which was written by Dr. J. T Kent. wall of fam of Kent's life showed us his gratitude and his dedication towards the field of homoeopathy.

Then we had exclusive demonstration on auto- visual repertory by Dr. Arun Patel. Then we visit the clinic, record keeping room where we explained about importance of record keeping. Following, we saw the dispensary where Dr. Arun Patel sir taught us preparation and use of 50 millesimal scale. Then we had short interactive session with sir where we solve many of our doubts.

Finally, we took a group photo. unfortunately, we could not meet R.P Patel sir but we had a great experience.
