

Change the future of migration: Invest in food security and rural development.

Expert Talk by Dr. Vijayakumar H S

Parul Institute of Nursing had organized expert talk on theme of **Change the future of migration: Invest in food security and rural development.**” On 16th October 2018. Dr. Vijayakumar H S, Registrar, Parul University, Addresses the need to build the resilience of displaced and host communities. World Food Day is an important time to reiterate the right to food as a basic human right; that investing in sustainable food systems and rural development means addressing some of the major global challenges – from empowering the world’s growing population to protecting the global climate to tackling the root causes of hunger and malnutrition.
