

FACULTY OF AYURVED
NSS, PARUL UNIVERSITY

SwacchtaAbhiyan at Bird Sanctuary Wadhwana

Wadhwana is a small hamlet located about 50 kms from Vadodara. It has a huge lake with about 2 km radius. There are watch towers placed at 1 km intervals on the periphery of the lake. Forest department has deputed personnel with fairly good knowledge about the local flora & fauna. Wadhwana boasts of an impressive habitats that provides wintering grounds to large number of waterfowl as well as land birds, around 130 species of birds total 65000 birds are coming on months of November to February at wadhwana from different countries.

Faculty of ayurved, parul university, NSS conducted cleanliness awareness camp, total 50 NSS volunteers took part in this drive, it will be awareness program for regarding CLEANLINESS in public sector and nature filled places like birds sanctuary. Thanks to forest department who gave us permission and guide us.
