

PRIMARY HEALTH CENTRE VISIT

As per the part of CCIM curriculum, Dept of Swasthavritta organized the PHC visit to Waghodia PHC, for 3rd yr 2nd terms students. We were a group of 17 students with one faculty from Department. The visit was organized on 5th September 2017 and we reached the PHC at 10'0 clock.

The visit was informative and students got a chance to see all the dept. like OPD, IPD laboratory, Pharmacy, labour room, sterilization room, vaccination room & cold chain etc. Health administrator Mr.Vasava gave detailed information regarding various activities & National programmes carried out at PHC such as RNTCP & DOTS, NLEP, MCH, ASHA, MHW, FHW etc. we have interactive session with ASHA worker.

The staffs were co-operative and gave us detailed information regarding PHC & activities carried out at PHC level. It was a memorable and knowledge rendering visit for all of us. This will definitely prove helpful in our academic knowledge.
