Dr.Hemant Toshikhane  
Dean, Faculty of Ayurved,  
Parul University.

अिवः कााजयते मृमानात्  
भूमिः तोयं खलमाना ददाति।  
सीताहानां नासां नराणाम्  
मगासां स्वायां फलि ॥

By striking pieces of wood fire is produced. The earth gives water by digging. Nothing is impossible for the determined people. All efforts started in a proper way bear fruit.

Success is the result of consistency. The more you do something effectively and with a goal in mind, the better you will get at it and the more you will feel fulfilled. The road to success comes through hard work, determination and sacrifice. There are no secrets to success. It is the result of preparation, hard work & learning from failure.

With such a determination Faculty of Ayurved, Parul University worked in these couple of months. We conducted many Webinars, various Health camps, Guest lectures on different topics, Pedagogy sessions, Training Sessions etc which has given fruitful outcome in overall development of the students and common public for maintaining their health and awareness about different diseases. Further in coming months more such activities helpful in academic as well as moral progress of students and general public will be conducted.

“SELF BELIEF & HARD WORK WILL ALWAYS EARN YOU SUCCESS”

## KEY ACTIVITIES REPORT

Feb-Mar 23

ॐ आ ते भग आसीम ये ऊ दे ॐ

-ऐतरेय ामण

It means...

Fortune of a person who sits idle, also sits idle. That of who stands, also stands. That of who sleeps, also sleeps, and fortune of a person, who walks, also works. Fortune does not bring anything to life, one who works, or puts efforts, succeeds. In other words God helps them, who help themselves. With such a teaching Faculty of Ayurved is motivating students to stay positive and to perform at their utmost for betterment of society. Whatever you do, you have to believe in it. You have to believe that your presence makes a difference. Hence, we have continued to put effort for the development of public by conducting many Webinars, Seminars, Various health camps, Guest lectures on different topics, Training session etc as always which has been helpful in developing skills and knowledge of students and society for overall development.

“THE ONLY LIMIT TO THE HEIGHT OF YOUR ACHIEVEMENTS  
IS THE REACH OF YOUR DREAMS AND YOUR WILLINGNESS  
TO WORK FOR THEM”

That means...

If a person is not aware of the specific qualities of another person then it is no surprise if he ignores that person. As an example, if a woman finds an elephant's head gem, she throws it and wears a red-colored berry. With such a teaching Faculty of Ayurved is motivating students to stay positive and to perform at their utmost for betterment of society. Hence, we have continued to put effort for the development of public by conducting many Webinars, Seminars, Various health camps Guest lectures on different topics, Training session etc as always which has been helpful in developing skills and knowledge of students and society for overall development.
