Objectives:-

According to women and child development ministry, National Girl Child Day is meant to create awareness about the rights a girl owns and to give them opportunities like everyone else, and to support the girl child of the nation and remove gender-based biases.

It also calls for promoting awareness about the inequalities that a girl child faces and educate people about girl's education.

The main focus is on changing society's attitude towards girls, decrease female feticide and create awareness about the decreasing sex ratio, the ministry further said.

History

The government of India, in 2008, declared January 24 to be celebrated as the National Girl Child Day every year with the objective of raising the consciousness of the society towards the girl child so that she can be valued and respected

The women and child development ministry listed a number of steps taken by the government in this regard, like:

- Save the Girl Child,
- Beti Bachao Beti Padhao,
- Sukanya Samriddhi Yojana
- CBSE Udaan Scheme
- Free or subsidized education for girl child,
- Reservation for women in colleges and universities

On this occasion Sainath hospital celebrated by spreading awareness in people.

- Dr. Jignasa nimavat explain importance of physiotherapy in changes during girl's life.

- Miss Isha gohil and Jinal kathiriya explain about importance of girls in our society and also explain about homoeopathy and It's importance and use of homoeopathic medicines during different life stages of girls.

- Miss. Ravina Acharya also encouraged regarding various important blood investigations required during whole life of women and spreaded awareness regarding it in of our society.

- Miss. Shivani Bhadesiya did recitation of wonderful heart-touching poem written by her on the topic "save girl child" in gujarati .

➤ CONCLUSION :-

The event was well coordinated by the interns and the hospital staff of SAINATH HOMOEOPATHIC HOSPITAL Attached with Rajkot Homoeopathic Medical College affiliated with Parul University.

INTRODUCTION OF PROGRAMME

Immunization Programme in India was introduced in 1978 as 'Expanded Programme of Immunization' (EPI) by the Ministry of Health and Family Welfare, Government of India. In 1985, the programme was modified as 'Universal Immunization Programme' (UIP) to be implemented in phased manner to cover all districts in the country by 1989-90 with the one of largest health programme in the world. Despite being operational for many years, UIP has been able to fully immunize only 65% children in the first year of their life.

Through UIP, Government of India is providing vaccination free of cost against vaccine preventable diseases include Diphtheria, Pertussis, Tetanus, Polio, Measles, Severe Form Of Childhood Tuberculosis, Hepatitis B, Meningitis And Pneumonia (Hemophilus Influenza Type B Infections), Japanese Encephalitis (JE) In JE Endemic Districts with introduction of newer vaccines such as Rotavirus Vaccine, IPV, Adult JE Vaccine, Pneumococcal Conjugate Vaccine (PCV) And Measles-Rubella (MR) Vaccine In UIP/National Immunization Programme.

Interns of Sainath Homoeopathic Hospital attached with Rajkot Homoeopathic Medical College jointed for noble service.

Goal of Mission Indradhanush:

The ultimate goal of Mission Indradhanush is to ensure full immunization with all available vaccines for children up to two years of age and pregnant women. The Government has identified 201 high focus districts across 28 states in the country that have the highest number of partially immunized and unimmunized children.

SUMMARY 05

INTRODUCTION TO ORAL HYGIENE

ORAL HEALTH REFERS TO THE HEALTH OF THE TEETH, GUMS, AND THE ENTIRE ORAL-FACIAL SYSTEM THAT ALLOWS US TO SMILE, SPEAK, AND CHEW.

SOME OF THE MOST COMMON DISEASES THAT IMPACT OUR ORAL HEALTH INCLUDE CAVITIES (TOOTH DECAY), GUM (PERIODONTAL) DISEASE, AND ORAL CANCER.

ORAL HEALTH IS AN INTEGRAL PART OF GENERAL HEALTH.

THERE ARE MANY ORAL HEALTH ISSUES WHICH ARE OF CONCERN TO INDIA, DESPITE HAVING THE MAXIMUM NUMBER OF DENTAL SCHOOLS IN THE WORLD.

DENTAL CARIES, ORAL CANCERS AND PERIODONTAL DISEASES ARE AREAS OF NATIONAL ORAL HEALTH CONCERN

ORAL HEALTH HAZARD IN INDIA

INDIA LACKS BASELINE DATA TO KNOW THE EXACT PREVALENCE OF ORAL DISEASES, WHICH IS THE FIRST REQUIREMENT TO FRAME ANY NATIONAL POLICIES OR MANPOWER ALLOCATION. INDIA IS A VAST COUNTRY, NATIONS WITHIN A NATION, WITH GREAT DIVERSITY IN EATING AND BEHAVIOURAL PRACTICES. WITH A POPULATION OF 1.21 BILLION AND 68.84% OF POPULATION RESIDING IN VILLAGES, THE STRATEGIES NEED TO BE CUSTOMISED BASED ON THE POPULATION SUBGROUP. LOW LEVEL OF AWARENESS, STRAINED AND SKEWED INFRASTRUCTURE AND RESOURCES, LACK OF MOTIVATION AND RESEARCH AND ORAL HEALTH POLICIES ARE SOME MAJOR FACTORS THAT NEED TO BE TACKLED. THIS PAPER WOULD ATTEMPT TO HIGHLIGHT THE ORAL HEALTH CONCERNS OF INDIA, LACUNAE IN THE CURRENT SYSTEM AND POSSIBLE STRATEGIES TO ADDRESS THESE ISSUES.

INTRODUCTION

AUTISM SPECTRUM DISORDER (ASD) IS A DEVELOPMENTAL DISABILITY THAT CAN CAUSE SIGNIFICANT SOCIAL, COMMUNICATION AND BEHAVIORAL CHALLENGES. ASD BEGINS BEFORE THE AGE OF 3 YEARS AND CAN LAST THROUGHOUT A PERSON'S LIFE, ALTHOUGH SYMPTOMS MAY IMPROVE OVER TIME. SOME CHILDREN SHOW ASD SYMPTOMS WITHIN THE FIRST 12 MONTHS OF LIFE. IN OTHERS, SYMPTOMS MAY NOT SHOW UP UNTIL 24 MONTHS OF AGE OR LATER. SOME CHILDREN WITH ASD GAIN NEW SKILLS AND MEET DEVELOPMENTAL MILESTONES UNTIL AROUND 18 TO 24 MONTHS OF AGE, AND THEN THEY STOP GAINING NEW SKILLS OR LOSE THE SKILLS THEY ONCE HAD.

ABOUT THE BREAST FEEDING WEEK

World Breastfeeding Week 2022: World Breastfeeding Week or WBW is observed from August 1 to 7 every year. It was first started in 1992 to promote the benefits of breastfeeding on both mother and the baby.

World Breastfeeding Week's annual themes include healthcare systems, women and work, community support, ecology, economy, science, education, and human rights.

Breastfeeding plays an important role in managing the burden of malnutrition.

Breastmilk is known to be the best food for newborn babies because it has antibodies that help to prevent many pediatric ailments. It helps to immunize against infection by germs and bacteria.

ABOUT THE HAR GHAR TIRANGA CAMPAIGN

The Indian National Flag is a symbol of national pride for the entire nation. To further honor our flag, the Hon'ble Home Minister who oversees all efforts under Azadi Ka Amrit Mahotsav has approved the program of 'Har Ghar Tiranga'. It envisages inspiring Indians everywhere to hoist the national flag at their home.

Our relationship with the flag has always been more formal and institutional than personal. Bringing the flag home collectively as a nation in the 75th year of independence thus becomes symbolic of not only an act of personal connection to the Tiranga but also an embodiment of our commitment to nation-building. The idea behind the initiative is to invoke the feeling of patriotism in the hearts of the people and promote awareness about our national flag.
