PARUL UNIVERSITY

INGENUITY | DIVERSITY | MULTIDISCIPLINARY

Parul University is an intellectual and a creative quest for all its stakeholders viz. Indian and International Students, Parents, Alumni, Faculties, Industry & Academic partners as well as society at large. We believe in proliferating our efforts towards quality education and environment. Every year we advance our targets to make headway to our scholarly endeavors.

Our University brings to everyone the best of all worlds. Be it its ethics, global exposure, contemporary educational practices, innovation and growth, PU outshines in all of these. We aim to make successful academic pursuits through entrepreneurship, research, modernization and partnerships with educationally inclined organizations, thus enhancing our position as the finest education destination.

We have been pioneers in accepting various interdisciplinary programs and have included them to our ideal and promising higher education curriculum. Starting with this decade it's our collective effort to empower more youth towards the pursuit to continuously learn, enhance skills, generate better employment opportunities and become competent entrepreneurs. For this very purpose, we are initiating a plurality of short term courses.

CONTINUING EDUCATION PROGRAMS

SHORT TERM SKILL ORIENTED PROGRAMS, VALUE FOR LIFETIME

In this present day world, each year creates a generation gap which leads to change in the demand of job skills by the employers. Parul University has embarked on filling this gap by enlightening students and working professionals with the most updated skill based education and to transform them into adept industry professionals and talented entrepreneurs.

Considering the above, we believe learning is a continuous process which should never be brought to a halt. Irrespective of any educational qualification of an individual ranging from SSC, HSC, graduate, post graduate or even doctoral, there is always more room for contemporary education and knowledge. So whether one chooses to enhance their technical or non technical skills for employment, we have programs customized to boost an individual's confidence in every way possible.

Parul University is introducing multiple Continuing Education Programs (CEP) which are developed as per industry requirements and in compliance with the changing market needs. Individuals can select these programs as per their distinct area of mastery. These value added certificate courses range from three months to one year and even P G Diploma which provide a scope for professional development. The programs are a blend of lectures, practical & experiential learning, projects as well as activity based learning.
